

## **Cottrell Park Launches On-Site Accommodation**

Cottrell Park has recently opened their brand new on-site accommodation in the form of a converted coach house within the grounds of the resort. The converted Coach house offers modern comfortable facilities with a ground floor (Arabella) and first floor (Amelia) apartment.

The introduction of accommodation at the resort has been carefully considered over many years. The owners wanted to develop the club to maximize its full potential by adding a new dimension to the business. This was supported by trends in the market and opened up new channels allowing the resort to now offer a complete leisure package for golfers, business and families alike.

Each apartment can house up to a maximum of 8 guests sharing rooms. Two large triple bedrooms with the option of an additional single bed in each room plus a double sofa bed in the living area. There is a fully fitted and equipped kitchen with dining room and living area and one bathroom in each apartment with free wifi across all areas.

Future plans will see the development of the original Gardeners cottage within the grounds to offer another option for those wanting to stay. This will sleep up to 7 persons and is expected to be ready for July 2018.

Cottrell Park is now in a position to offer unique unrivalled facilities to both members and visitors either as part of a golf tour, family stay, corporate stay or event, staff incentive activity or as part of a golfing break.

General Manager, Mr Derek Smith commented "Once again Cottrell Park is adapting with innovative ways to benefit its clientele. The Coach house apartments have been very well received since their opening. With the introduction of accommodation the resort will be in a strong position to offer un-rivalled facilities for a wider customer base".
